3. VALUATION NOTES

Valuations were performed by the Manager using the discounted cash flow (DCF) methodology for all regulated and contracted assets, cross-checked against comparable transaction multiples where available. The Manager's valuation process is overseen by an independent Valuation Committee chaired by an independent non-executive director.

Asset valuations for the Solent Data Centre Portfolio and Anglian Fibre Networks reflect updated business plan projections following strong operational performance and increased data demand. The increase in Edinburgh Airport Terminal reflects progress toward sale completion.

The Manager confirms that all valuations have been prepared in accordance with the International Private Equity and Venture Capital (IPEV) Valuation Guidelines (December 2022 edition) and the Partnership's valuation policy.

4. CAPITAL ACCOUNT MOVEMENT — PARTNERSHIP LEVEL

Movement	Q4 2025 (GBP '000)
Opening NAV (1 October 2025)	2,187,300
Income distributed (Q4 yield distribution)	(45,000)
