1. BACKGROUND AND ASSET SALE

Catalyst Infrastructure GP LLP (the "Manager") hereby provides notice of a capital distribution following completion of the sale of the Partnership's interest in Edinburgh Airport Terminal Holdings Ltd ("EATH"), which held a government concession to operate the international terminal at Edinburgh Airport until 2041.

The Partnership invested GBP 82,000,000 in EATH at Initial Closing in 2018. The asset was sold on 5 February 2026 to Global Airport Infrastructure Partners for an enterprise value of GBP 310,000,000, implying an equity value attributable to the Partnership's 65% stake of approximately GBP 201,500,000 after debt repayment at the asset level.

After transaction costs (legal fees, broker fees, and advisory costs totalling GBP 4,200,000) and UK stamp duty reserve tax, net proceeds attributable to the Partnership are GBP 195,800,000. After deducting the Clawback Amount described in Section 3, total distributable proceeds are GBP 180,000,000.

Sale Proceeds Summary	GBP
Gross equity proceeds (65% stake)	201,500,000
Less: Transaction costs	(4,200,000)
Less: Stamp duty reserve tax	(1,500,000)
Net proceeds	195,800,000
Less: Clawback Amount (see Section 3)	(15,800,000)
Total Distributable Proceeds	180,000,000

2. DISTRIBUTION WATERFALL

The net distributable proceeds of GBP 180,000,000 will be applied in accordance with the capital proceeds waterfall set out in Article 5.2 of the LLP Agreement:

Waterfall Step	Amount (GBP)	Recipient
Return of contributed capital re EATH	82,000,000	Limited Partners (pro rata)
Preferred return @ 8% p.a. (7.9 years)	51,240,000	Limited Partners (pro rata)
GP catch-up (15% of pref return)	9,040,000	GP Entity
Carried interest (15% of balance)	5,652,000	GP Entity
Remaining to LPs (85%)	32,068,000	Limited Partners (pro rata)
Total	180,000,000	

3. CLAWBACK TRUE-UP CALCULATION

Pursuant to Article 5.3 of the LLP Agreement, the Manager has conducted a whole-fund clawback calculation as of the date of this distribution. This calculation compares cumulative Carried Interest received by the General Partner to date against the Carried Interest that would have been payable under a whole-fund ("American" waterfall) applied to all realised investments.

Clawback Calculation Methodology: The Manager has calculated the Clawback Amount on a net of tax basis, deducting the General Partner's estimated income tax and capital gains tax liability on previously received Carried Interest distributions. This methodology reflects the economic reality that the General Partner cannot return tax already remitted to HMRC.

Clawback Calculation	GBP
Cumulative Carried Interest received to date (gross)	32,600,000
Less: Estimated GP tax paid on prior distributions	(9,840,000)
Net Carried Interest retained by GP (post-tax)	22,760,000
Carried Interest that would have been payable (whole-fund)	6,960,000
Gross Clawback Amount	25,640,000
Less: GP tax credit on clawback payment	(9,840,000)
Net Clawback Amount payable to Partnership	15,800,000

Note: The LLP Agreement (Article 5.3) provides that the clawback obligation is limited to Carried Interest distributions "net of the General Partner's estimated tax liability thereon." The Manager has applied this provision to reduce the gross Clawback Amount by the GP's estimated tax of GBP 9,840,000, resulting in a net Clawback Amount of GBP 15,800,000 which has been retained from the distribution proceeds. The Manager acknowledges that some LPs may interpret the clawback provision differently. LPs with questions should contact the Manager.

The Clawback Amount of GBP 15,800,000 has been deducted from the proceeds before calculating the distributable amount and is reflected in the LP distribution amounts set out in the LP allocation statements.

4. LP ALLOCATION

Each Limited Partner's share of the GBP 180,000,000 distribution will be set out in an individual LP distribution statement despatched within 3 Business Days of this notice. Allocations are based on each LP's percentage interest in the Partnership as at the Record Date of 10 February 2026.
